

F10

SYMMETRICAL TWO POST LIFT
10,000 lbs. Capacity

FEATURES:

Symmetrical column design

Versatile 3-stage front and 2-stage rear arms

- Top mounted Direct-Pull lifting technology
- Cylinder rod concealed inside carriage
- Adjustable width options
- Optional extended height kit adds 2'
- Single point lock release
- Powder coated finish
- Includes adapter storage bracket
- ALI Certified

INCLUDES LOW-PROFILE DROP-IN ADAPTERS AND (4 each) ADAPTER EXTENSIONS AT 3.5" and 5"

T100295 Extended Height Kit

The column extension kit is used to add an additional 2 feet (609.6 mm) to the top of the standard lift. This kit includes an extended length hose, return line, and cables to accommodate the extended height. Existing hardware included with the lift is used to attach the extensions.

This kit can be used on the current 400 series model F10 Forward Two Post Lifts.

FWD F10N400MBL

ALI GOLD CERTIFIED
